

GIRLZ PREP REPORT (<http://girlzprepreport.blogspot.com/>)
NOVEMBER 15, 2010

Since I never steer you wrong, this is because I am an **EVALUATOR** who writes on the side, not the other way around, well that's one of the reasons, remember this name, **Hailey Mack**. Although only a freshman, this kid showed me something special this summer when she helped her club team, Cut The Nets, win the 14U Qualifier. Here's the kicker, that team was full of 8th graders and they beat teams that were a year older. Mack is poised beyond her years and is one of the top freshmen in the city. Conroe's varsity is loaded with seniors however Mack is type of player that will help turn things around in the future.
